Dan offering words of hope and inspiration for those who will be treated at EOCC

Eastern Oregon Cancer Center at Pendleton: Written in Stone

By: <u>Dan Moore</u>

On September 7th, the <u>Eastern Oregon Cancer</u> <u>Network</u> invited members of the local community to write words of hope and inspiration on the unfinished walls of <u>Eastern Oregon Cancer Center</u> <u>at Pendleton</u>.

I am grateful that we are afforded the opportunity to stop construction on each of our

new builds and bring in the community to show support for those who will be treated within these walls.

The inscriptions are offered with heartfelt inspiration to all who have been touched by cancer - patients, physicians, caregivers, and family members. The thoughts, prayers, poems and drawings reflect a wide range of emotions, as each cancer journey is personal and unique.

This year we were able to capture a behind the scenes video with commentary from Dr. Juno Choe, Medical Director of Eastern Oregon Cancer Center at Pendleton, as well as other community members. I hope you enjoy the video below as much as I did.

Grateful, **Dan**

Now Hiring!

Employee Spotlight: Jackie!

Jackie is the Training Coordinator for Radiation Business Solutions. Her job is all encompassing; from training new hires to continuing education with current employees, performing client audits and running reports, Jackie stays busy!

What do you do in your free time? I enjoy spending time with family and friends as well as going on runs with my dog.

What do you feel is your best attribute? My adaptability

What is something special about you most people don't know? I am a hobbyist seamstress

What led you to this career?

Good connections led me to this career. Originally, I did not have a sense of where I wanted to go or what I wanted to be. I made it to RBS through a recommendation, and I enjoyed the job, enviorment, and the culture right away. Without the connections I made in college, I would not have found this career option.

What is the most rewarding part of working for Radiation Business Solutions?

The most rewarding thing about working for RBS is knowing that we are making a difference in the lives of doctors and patients. I am able to tie out daily tasks and work to the bigger picture. This allows me to feel good about coming to work everyday, and it is encouraging to be around a team centered on helping others.

What would you do if you won the lottery?

Take my family on a vacation and alleviate any debt I or my family have incurred.

What are three words your co-workers would use to describe you?

Reliable Responsible Analytical

What was the best advice you received? Make yourself valuable in everything you do.

Jackie, we appreciate all you do in ensuring that our employees are well trained and our clients are receiving the best information possible, you are an asset to RBS.

Rachel Mudd and Maddie Zenker at the Jimmy and Rosalynn Carter Work Project in Nashville

Jimmy & Rosalynn Carter Work Project

Maddie Zenker and Rachel Mudd, Revenue Navigators at Radiation Business Solutions, had the distinct honor to participate in the 36th Annual Jimmy and Rosalynn Carter Work Project benefiting Habitat for Humanity.

Held in Nashville, 21 families worked to build their Habitat homes alongside former President Jimmy Carter, first lady Rosalynn Carter, Garth Brooks and Trisha Yearwood, as well as hundreds of volunteers from across Middle Tennessee and the United States.

Since 1984, President and Mrs. Carter have traveled around the world with Habitat to build and improve homes. Their time and efforts help to raise awareness of the critical need for affordable homeownership around the world. For 35 years, President and Mrs. Carter have worked alongside more than 103,000 volunteers in 14 countries to help build, renovate or repair 4,331 homes.

RBS has been pleased to support our local chapter of Habitat for Humanity for many years. In fact, Dan Moore was recently honored with the John E. Mayfield Hammer of Hope Volunteer of the Year Award which celebrates the volunteer efforts of one individual who has made a difference through Habitat for Humanity in Cheatham County.

We are very proud of Dan, and grateful to our team for continuing to support this great cause!

Upcoming Meetings

Will you be at this event? If so, please be sure to say hello!

ACCC National Oncology Conference

October 30 - November 1, 2019 Orlando, FL Visit <u>Denise Gerlach</u> in booth **#315**

Non-Profit of the Quarter

Want to help a colleague ramp up their oncology program - and do some good for our industry at the same time? We've got you covered! Send your friend our way and if they sign a contract with us for billing services, revenue navigator services, or Pro Re Nata subscription services, we will make a donation to our "Non-Profit of the Quarter!"

This quarter we have selected <u>Radiating Hope</u>! Radiating Hope is a 100% volunteer-run, mountain climbing, cancer-cure focused nonprofit 501(c)(3) organization. Their mission is to improve cancer care, specifically radiation oncology care, around the globe. <u>Learn more about Radiating Hope here!</u>

If you know of an oncology program that needs some assistance with their revenue cycle or has other management or consulting needs, contact us at <u>info@RadiationBusiness.com</u> or 615.746.1705. Thank you for helping us to help others!

Radiation Business Solutions creates value for oncology programs, while creating a better financial experience for cancer patients. Since 2004, we've provided oncology-specific strategies to physicians and hospital based programs, including total revenue cycle management, patient experience programs, referral optimization services, and new cancer center development.
