

ADVISING

Radiation Business Solutions provides executive-level advisement to hospitals, health systems, and oncology enterprises facing complex, high-stakes decisions. We are engaged at **critical inflection points**: when strategy must be defined, capital confidently deployed, and performance or risk carefully managed. Our advisors, former operators and industry leaders, bring a rare combination of operational credibility, financial discipline, and strategic clarity—aligning leadership, informing decisions, and driving action where it matters most.

SERVICES

- **Enterprise oncology strategy**
- **Financial performance & risk management**
- **Operational optimization & scale**
- **Transformation & turnaround**

APPROACH

- **Clarity in complexity**
- **Alignment at the executive level**
- **Speed with rigor**
- **Execution-focused strategy**
